

Gentlemen and Gentlewomen of the FCC and Congress:

Please do your job and represent the people of this country, not the corporations. The founding "fathers" of this great nation would not be happy to see you all manipulating the way our system of checks and balances works. They were all for free speech and dissent and lots of it -- that's what this country was born for, not for limiting thought and debate. Please do your duty to the current, past and future citizens of this great land.

I urge you and your colleagues in Congress to promote a diverse, balanced, and competitive media. Please stop the FCC rule change on June 2.

We allow media companies to use the airwaves in exchange for their assurance that they're serving the public interest, and it's the FCC's job to make sure that's so. Please hold the FCC to its mandate and oppose the rule change.

Sincerely,

Karl Rogers
